

For the safety of our employees and customers, our branches are operating using our drive-thru lanes only or our walk-up teller windows where available. Our lobbies will remain closed and available by appointment only due to the pandemic. We encourage you to use our ATM's to receive cash and our night drop to make deposits. We are also a member of the Allpoint Network of 55,000+ ATM's worldwide.

At this time, we are only servicing Catskill Hudson Bank customers. If you are inquiring about opening an account please call the branch directly to make an appointment.

We apologize for the inconvenience. We believe that this is the best course of action to protect our employees and customers, while practicing social distancing to help combat COVID-19.
